MARE MANAGEMENT AND SEMEN SHIPPING GUIDELINES

Please call 406-925-0569 when the mare is in her first day of heat to give us a head's up.

Stallions can be collected Monday -Friday only.

J&S must be notified at least 24 hours prior to needing semen or we are not required to send a shipment. We try to accommodate all clients but due to our rural location we need early notification.

Stallions are not collected on National Holidays or when they are competing. Please check for competition schedule for individual stallions.

Please have pre-breeding exams done on your mare prior to ordering semen.

Savant \$1200 Owned By J & S SPORTHORSES

Multiple mare discounts (first mare is booked at full price), quality incentive discounts (must provide proof) and return breeders discounts are offered at 10% off stallion service fee.

STALLION SERVICE CONTRACT

1. This contract is made by and between J & S SPORTHORSES (J&S) and _____ (mare owner) for the breeding of the mare named _____ breed _____ and registration Number _____ color _____ and DOB _____ to the stallion named _____ for the _____ breeding season. I understand, and accept the following terms and conditions:

2. A veterinary certificate and current uterine culture showing the mare to be of sound breeding condition and free of infection.

J&S may also require a uterine biopsy and or a progesterone assay.

In all cases the veterinarian must certify that the mare's immunizations for equine Rhinopneumonitis (Equine Herpes Type 1) have been kept current.

Stallion's service will be provided only to healthy mares in sound breeding condition, as determined by a veterinarian acceptable to J&S.

The mare owner may not substitute another mare for breeding without prior written consent of J&S. Embryo transplants are also prohibited without written permission of J&S.

3. The mare owner agrees to pay J&S the following fees:

A non-refundable booking fee of \$250.00 which is due at the signing of this contract. This fee is deductible from the stallion service fee.

A non-refundable stallion service fee of \$ _____ is payable before mare is bred and semen is shipped.

(For shipped semen only:) Mare owner must provide us with a deposit of \$ _____ to cover handling and shipping expenses these expenses will be deducted from the deposit. Any unused balance will be refunded at the end of the breeding season.

4. Container must be returned clean and undamaged. If ballast bags, coolant cans, lead shield or containers are missing or damaged, mare owner will be charged for replacement. Container must be shipped back to J&S within 2 days via UPS or FED EX at the mare owners cost. We recommend that you insure the container for \$ _____. There will be a late container fee of \$20.00 per day.

5. J&S receipt of the above stallion service fee confirms the mare's reservations to breed to the stallion for the present breeding season, which shall extend from _____ until _____.

All semen orders must be received 24 hours the day before the requested collection date. Late orders will be filled if possible.

All orders for semen shipments shall be filled as received, subject to availability of the stallion. If there is insufficient semen to fill all orders of a given day, J&S veterinarian will determine which orders will be honored. For farm-bred mares this decision is based on palpation results; for mares bred off site, this decision will be based on information provided by mare owner's veterinarian.

Mare owner understands that the stallion will be competing away from the farm during the breeding season and will not always be available for collection. It is the mare owner's responsibility to contact J&S for the dates the stallions will not be available for collection due to the show schedule.

6. Mare owner shall not be entitled to a refund of fees paid hereunder except as set forth below. However, the mare shall have the right of return to the stallion's service in the following breeding season. (1 return privilege for the same mare).

If the mare does not settle during the present breeding season she is eligible for return of service to the stallion if the mare owner submits a veterinarian's certificate to that effect. The mare owner recognizes J&S's right to require a negative intrauterine culture certificate prior to the mare's return to service.

If the mare is examined in foal but becomes barren during gestation, she is eligible for return if J&S receives a veterinary certificate of barrenness within five (5) days of examination.

If the mare subsequently produces a live foal that is unable to stand alone and nurse, and subsequently dies, a veterinary certificate must be provided within five (5) days from the date of death.

In all cases, the required veterinary certificate shall affirm that the mare had been immunized for Equine Rhinopneumonitis during pregnancy and the date of such vaccinations. Where appropriate, the certificate shall also confirm that the mare was properly cared for during gestations and was attended at foaling. J&S's timely receipt of the required veterinary certificates is a condition precedent to any right of return.

If mare owner's mare becomes unfit for breeding or otherwise unbreedable, mare owner may substitute another mare with J&S's permission. Mare owner must request the mare change in writing.

All rights of return are subject to charges for collecting and shipping of stallion.

7. This contract shall be null and void and the mare owner shall be entitled to a refund of any amount paid hereunder if the stallion should die or become unfit for service PRIOR to

serving the mare in the present breeding season. The mare owner shall not be entitled to any refund if the stallion should die, or become unfit for service after semen has been shipped or mare has been inseminated on the farm. No refund is available if stallion is sold but mare owner may breed to another stallion owned by J&S of the same or lesser stallion's service fee.

8. This contract can not be assigned or transferred by mare owner. There shall be no right of return to the stallion if the mare is sold or otherwise changes ownership after having been serviced by the stallion.

9. J & S Sport Horses is not responsible for lost, delayed, damaged or dead semen and makes no representations or warranties of any kind with respect to any semen furnished hereunder, except that it is the named stallion's semen and the semen was viable when shipped from J&S.

10. For mares to be bred at J&S the mare owner agrees that all veterinary, farrier, foaling, and other fees are in addition to the stallions service fee, and that all such fees, together with board of \$_____ per day, will be paid promptly upon billing. No mare will be removed from the farm unless all fees and costs are paid in full.

The Mare owner hereby gives J&S and its representatives to act as agent in an emergency situation if the mare owner cannot be reached in a timely fashion.

The mare owner hereby releases J & S Sport Horses, or any person employed by, or associated with J&S from any responsibility or liability for any damages, disease, injury, accident or death to the mare or accompanying foal or mare owner or any representative of the mare owner.

10. This contract shall be governed by the laws of the State of Montana and shall be binding upon the parties hereto and their representatives.
